Math Game Monday

Buzz

K to 2nd Grade
Ubikela Class

Equipment
No equipment required.

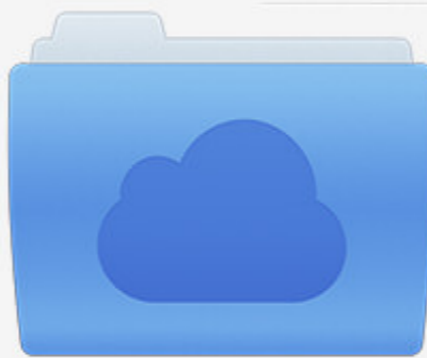

How to Play
This is a strategy game to be played with the whole class.

1. The class divides into 4 groups of 10.
2. Each student starts with a number between 1 and 13.
3. Select a student to start the game and say a number between 1 and 13 and says it aloud to the class eg. 8.
4. The class then says the next number eg. 9 and the counting pattern continues around the circle.
5. The next child then says a new number to keep counting on counting continues around the circle.
6. When the child is due to say 13 and says "buzz" and sits down again.
7. Continue to play with each child saying "buzz" instead of 13 and sitting down in the process. Children will say buzz on that of they say 13, then they say the person next to them just.
8. The goal is to be the last child standing, therefore, the game requires quite a bit of strategy towards the end to ensure they stay in the game.

Variations

- The teacher chooses begins with children starting their counting pattern from the same number, ie one, each time then add the strategy part of the game later on.
- This could be a number other than 13.
